If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

RIOTING IN BELFAST.

Serious and fatal disorders occurred in Belfast, Ireland, again yesterday evening. The troops fired into the crowd, and a woman and a man were shot dead and a number of others were seriously wounded.

The conflict between the soldiers and the rioters took place in the vicinity of the constabulary barracks, in the Cullingtree road. The trouble became acute about 6 o'clock, when a mob of men and women attacked a police inspector. Soldiers were at once summoned to the scene, but they were met by a hail of paving stones, which resulted in emptying some of the saddles.

The riot act was read, but the maddened mob refused to disperse and kept up a terriffc fusillade of stones, broken bottles and brickbats against the police and the military. Bayonet and baton charges failed to rout the frenzied rioters, and ultimately the order to fire was given.

The number wounded by the rifle fire and the bayonet charges and otherwise injured is very great and last night the hospitals were overcrowded.

The wrecked conditions of the streets and houses in the falls and Grosvenor district of Belfast testify to the severity of the rioting. Hardly a window or a street lamp remains intact, while doors were smashed in by stones hurled by the strikers at the cavalry. The street paving was torn up on all sides to furdish the rioters with misilles. There were no fatalities, but over 60 persons about equally divided among the troops and rioters are being treated in the hospitals for severe injuries.

The strikers are still in an aggressive mood. Only the strong forces of troops on duty prevent them from attacking the men who are at work.

THREW DIRT IN ASSAILANT'S EYES.

The east side of Evansville, Ind., is in a turmoil over an assault attempted at 1 o'clock Sunday morning on two girls, Clara Iplofen, aged eighteen, and Amelia Wallion, aged seventeen, by William Kinney, who, it is said, attacked and knocked down Fred and Lawrence Bennett, the girls' escorts.

The two young couples were going home from a party. Kinney, who was in hiding behind a tree, sprang behind Fred Bennett and felled him with the butt end of a revolver. Then, as young Bennett regained his feet, Kinney whipped out another gun and made the brothers take to their heels. Kinney grabbed the girls, who are both frail, by the arms and started to drag them into the woods close by the road. They fought with their hands aed teeth and screamed.

Amelia Wallion, the younger girl, finally tore loose from Kinney's grasp but he drew his revolver on her and made her stop. Meanwhile Miss Iplofen picked up a handful of dust which she courageously threw into Kinney's eyes and blinded him. Screaming at the top of their voices, the girls fled to the home of Mrs. Bennett, mother of the two boys. The girls begged her to protect them from Kinney, who followed them. Mrs. Bennett opened fire on Kinney, but her shots missed their mark. Kinney ran at the first shot and has not been captured.

MINISTER STARVES.

"The Rev. Peter H. Peters, Methodist minister, died of starvation; body at morgne."

This was the report made yesterday to Coroner Shrady by Coroner's Physician Albert T. Weston, of New York who filed the following death certificate:

"Peter H. Peters, white; place of death, St. Vincent's Hospital; aged fifty-two years; occupation minister; place of birth, United States; coroner, George F. Shrady; date of death, August 7, at St. Vincent's Hospital.

"I hereby certify that I have viewed this body for public examination and evidence, aud find that the cause of death was starvation (Christian Science)."

Dr. Martin, of St. Vincent's Hospital said: "The man was brought here about noon last Tuesday, evidently suffering from starvation. He was practically all bones. We were told he was a Christian Scientist. He was here thirteen hours. He never was able to speak while in the hospital, and he died the day after he was admitted."

It was ascertained that Rev. Mr. Peters had been connected with the Minetta Mission, in 126th street, New York, where gospel meetings are held nightly, largely attended by colored men.

Mr. Peters had been ill for more than a month, it was said, without medical attention.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

OCEAN RACE.

What promises to be the most exciting steamship race in many years will be sailed between the Lusitania, the biggest ship in the world, and the Lucania, holder of the record between Queenstown and Sandy Hook.

The two ships are to come at their topmost speed from the coast of Ireland to the Sandy Hook lightship, a distance of about 2,800 miles.

To make the journey at top speed the two ships will have to burn about 2,000 tons of coal a day.

Every room on the Lusitania has been sold for this her maiden trip, and many American millionaires will view the race. Vast sums will undoubtedly be wagered on the result.

On her trial trip, the Lusitania, over a 1,000-mile course, did twenty-five and a half knots for an average hourly speed. The Lucania has made the fatest trip ever recorded between Queenstown and New York—five days seven hours and twenty-threeminutes —which record she accomplished in 1894, when Horatio McKay commanded her.

The Cunard Line has arranged the sailing of their two ships from Liverpool on September 7, as to certain by how much time the Lusitania will beat the Lucania.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, AUG. 13, 1907.

AT THE New York controller's office yesterday $15,000,000 of city bonds were offered for sale to the highest bidders. Only $2,713,485 worth of bonds were sold. For the second time in six weeks the sale of bonds proved a failure. They are 4 per cent. gold bonds, but even as such failed to attract investors. The premiums offered yesterday could hardly be dignified by that term, and in fact the bids averaged only the barest fraction above par. Many of the regular bond-buying houses submitted no bids at all. Boston also has tried recently to sell 4 per cent. bonds without success. The city offered about four millions of them and there were bids for only $200,000. The law forbids their sale below par and the rate of interest will have to be raised. Money is commanding higher prices than it did a few years ago. All of this is interesting to Alexandria, whose bonded debt of nearly $800,000, and which bears 3.65 per cent. interest, will fall due in July, 1909.

NEVER did a set of politicians occupy so absurd an attitude as do the republicans who are promising to revise the tariff after the next presidential election. Never did a group of politicians so plainly show that they were thimblerigging. If revision be a good thing why not do it next winter? If it be ruinous why threaten to do it in 1909? It it be popular the republicans ought to do it before the presidential campaign and get the benefit of their conduct at all the polls. But if it be unpopular the surest way for the republicans to get beaten is to revise the tariff if ther shall be successful. These republicans, says the Philadelphia Record, are simply offering the revisionists, who are getting alarmingly abundant, a gold brick; they promise them tariff revision "tomorrow—when fools repent."

THE STOCK MARKET has been on the decline during the past two weeks. Sixty railroad stocks which averaged $115.95 a year ago declined last week from $93.66 to $89.90, and ten industrials which were $94 04 a year ago declined during the week from $83.10 to $79.96. There is a strong disposition to connect this with the fine imposed upon the Standard Oil Company and legislation and litigation unfavorable to corporations. One New York paper computes a loss of $7 a share, averaged on twenty railroad stocks and $6 on twelve industrials, since Judge Landis imposed his monumental fine. Some say the Standard is so manipulating stocks as to get back the $29,000,000 fine imposed by Judge Landis.

CONSUMERS of steam sizes of anthracite coal will, it is said, be compelled to pay to the railroad coal combination approximately $6,000,000 more per annum as a result of the price advance of 25 cents per ton, which it is proposed to make on September 1. The increased income from the sale of anthracite coal will be equal to 5 per cent. on $120,000,000. Carrying out this intended advance in the companies' selling price of anthracite coal—pea, buckwheat and rice, which are the sizes to be affected—the combine will give another public demonstration of the way in which concentrated capital works when it determines to take a little more out of the people.

THE committees investigating graft in the erection of the Pennsylvania State Capitol, at Harrisburg, will recommend criminal prosecution. This is right. The grafters should be made to refund every dollar of their ill-gotten gains and then be imprisoned for their rank offense.

GOV. VADAMAN'S prompt acceptance of defeat in Mississippi does him credit as a man and a fighter. As has often been said, we need in politics a more liberal percentage of cheerful and open-minded losers and a less frequent insistence on presumptive invalidities in the count.

From Washington

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 13.

In the offices of the Postal Telegraph Company visible to the public one lone girl was on duty today. All the others had joined the strikers. The women operators in Washington were among the most enthusiastic for a strike, and in the Western Union offices were largely instrumental in bringing the men to the striking point. A close picket watches over the telegraph buildings and sentinels are stopping every man thought to be a strike-breaker. When the messenger boys of the Western Union marched out of the office shortly after 8 o'clock they paraded the neighboring streets on their wheels for some time. Boys who essayed to perform messenger work were surrounded by striking messengers, who proceeded to make things hot for the strike-breakers. The long distance telephone company is doing a land office business. Many of the correspondents are using this means of communicating with their newspapers in distant States.

The impression is growing here that the President's good offices will soon be operating toward the settlement of the telegraphers' strike. This was strengthened today by the information that three members of the cabinet were at Oyster Bay today, and that Attorney General Bonaparte, the only cabinet member in the city, was in long distance telephonic communication with the President for some time this morning. Secretary of the Treasury Cortelyou is at his summer home on Long Island, within easy call of the President. Secretaries Metcalf, Wilson, Strauss and Garfield, however, are in the far west and would be unable to join in any cabinet deliberations on the subject. The administration leaders are somewhat fearful that the federal government will be involved in the strike and it is believed that any suggestion by the telegraph companies or the striking telegraphers looking to arbitration would be hailed with relief.

Today's treasury statement: Receipts $1,704,246; expenditures $2,090,000.

The report is circulated here that the Chicago and Alton railroad officials cannot be punished for their connection with the Standard Oil rebate cases in Chicago without the present head of the department of justice violating an obligation of immunity made by his predecessor, W. H. Moody, through his desire to secure evidence upon which the convict the Standard Oil. It is said that Attorney General Bonaparte has just been advised of the promise and that he has communicated with Judge Landis, who has ordered the federal grand jury at Chicago to begin tomorrow an inquiry into the Chicago and Alton feature of the case. Although no official corroboration of the story is forthcoming at this time, it is no secret that the recent conviction of the Standard Oil was largely through the evidence furnished by the railway. Intimation has come from Chicago that if the proposed inquiry is pressed, the government look for no further assistance from the Chicago and Alton, in prosecuting the Standard Oil Company, in case the Circuit Court of Appeals sends the recent rebate cases back to Judge Landis's court.

STRIKE IN WASHINGTON.

Regarding the strike in Washington in the building trades Secretary E. K. Hall, of the Employers' Association, last night stated that he was getting more applications for work than he and his assistants could attend to. He said the association had made no attempt as yet to secure nonunion bricklayers and carpenters and did not intend to do so until today, when the time limit placed by the employers upon the striking bricklayers and carpenters to return to their work will expire. It is not expected that the bricklayers or carpenters will return, and this will force the employers to secure men from out of town.

About 160 have stopped work since the strike was inaugurated.

The Central Labor Union held a meeting last night, but took no action in regard to the proposed sympathetic strike of all the union men in Washington.

TROOPS TO ONANCOCK.

A provisional company of fifty-two men, commanded by Capt. Gayle, left Norfolk yesterday evening on the N. Y., P. and N. Railway steamer Maryland for Cape Charles, en route to Onancock, where Gov. Swanson is on the ground in connection with the race disturbance. Col. Nottinghan and other officers of the Seventy-first Virginia Infantry accompanied the first detachment of troops, leaving orders for the other three Norfolk companies to be in readiness to move on receipt of orders.

The reasons for dispatching the provisional company cannot be learned. Adjt. Gen. Anderson is in Norfolk, in charge of the military situation.

The situation in Onancock is quiet. Governor Swanson arrived there yesterday made a speech and offered rewards for the ringleaders among the negroes who started the race riot.

New York Stock Market.

New York, Aug. 13.—The stock market opened irregular but with a majority gains. At the end of fifteen minutes the market in some cases shaded slight fractions from the early high prices. There was a radical change in market conditions here and in London over night. Important buying was noted in both markets on information or belief that an important announcement would be issued from Oyster Bay during the course of the day. Nearly everything traded in made proportionate gains in the first hour. Later the bears became aggressive and forced a sharp reaction helped along by renewed liquidation of speculative accounts. At the end of the hour the market was again strong with prices ruling well above yesterday's closing figures.

Between the end of the first hour at noon renewed weakness was developed and prices at midday were down to the lowest points yet reached on this movement for many issues. A decline in the second hour of business of 1 to 3 points was sustained and the improvement noted in the early trading entirely disappeared. Shortly after 12 o'clock the market strengthened again and had a fractional rally.

The market in the afternoon became active and prices of many leading issues moved up sharply. The room was full rumors about development in regard the cabinet changes. One story had Elihu Root resigned and there were rumors of other resignations.

Nothing is known in Hempstead of the unfrocked preacher's whereabouts.

Zionist Conference.

The Hague, Aug. 13.—Stormy debates are expected to mark the eighth conference of Zionists which begins here tomorrow, lasting until August 20. Many of the delegates have come here with rigid instructions from their home societies to criticize the policy of the executive committee, holding that the Zionist movement has made to little progress since the death of its founder, Theodore Herzl. The fact that there has been little perceptible advance toward the colonization of Palestine and that there has been no striking numerical increase among the Zionists will form the basis of this criticism. In all about 360 delegates will be present when the conference opens. Today the blue and white flag of the Jews wave over the hotels where delegates are stopping and over the hall where they will meet.

Today's Telegraphic News.

The Telegraphers' Strike.

New York, Aug. 13.—Deputy President Percy Thomas, of the Commercial Telegraphers' Union, early today sent word to every operator east of Pittsburg in the United States who could be reached and to every office in Canada ordering the men to stop work at once.

The Western Union today obtained automobiles to be used in taking employes to and from the offices, and they were pressed into service in conveying some portions of the business that could not be handled over the local city wires. The automobiles were guarded by special policemen.

Officials of both companies gave out optimistic statements today.

Reports from all sections of the east indicates that union operators have left their keys in practically all the important offices.

Long distance telephones have been called into requisition by many branches of business.

It was announced at the general offices of the Associated Press today that practically entire day force of telegraph operators were at work as usual, not having followed the lead of the night men who went out last evening.

Chicago, Aug. 13.—A strike of the order of Railway Telegraphers, heretofore regarded as only a remote possibility, early today loomed up as a decided probability.

So far all efforts of the dove of peace to alight in Chicago have been unsuccessful. The striking telegraphers are shooing the bird away. Two elements have developed in the ranks of the strikers, the radicals, who insist on standing pat on every demand, calling out every operator in this country and Canada and making the companies sue for peace, and the conservatives, who favor making a show of force and leaving the settlement of the peace terms to arbitration. The radicals are overwhelmingly in the majority.

Chicago, Aug. 13.—Telegraphers' executive board now in session. A general strike order is expected any moment.

Chicago, Aug. 13.—The executive board of the Commercial Telegraphers' Union indorsed the Associated Press operators' strike this afternoon, ordering all telegraphers in the organization to quit work.

Chicago, Aug. 13.—The general executive board has just issued the following order:

To all local presidents and secretaries: General executive board here. Strike in cities now authorized and legal. Local officers in these cities will spare no efforts to take out every Western Union, Postal and Associated Press operator. Telegraphers in other cities will refuse to work with officers on strike. Another statement will follow.

Pittsburg, Pa., Aug. 13.—There is almost a complete tie-up of telegraph business here.

According to the union leaders there are 300 men out at the Western Union and 200 at the Postal companies. This includes the day and night forces.

Boston, Aug. 13.—All the union operators employed by the Postal Telegraph Company walked out at 11 o'clock today. Later the Western Union men struck. The strike here involved over 600 operators, including those in the general offices of the two telegraph companies and the newspaper offices.

Syracuse, N. Y., Aug. 13.—All union men and women in the Western Union and Postal offices went out last night. Thirty-five in all are out. Nothing is coming over Associated Press wires. The companies here are badly crippled.

Toledo, O., Aug. 13.—Twenty-one union men walked out of the local Western Union office this morning.

Albany, N. Y., Aug. 13.—Following the example set by the night operators employed by both the Western Union and the Postal the day operators of both companies refused to resume work this morning. Only the chiefs and a few men are working.

Cincinnati, O., Aug. 13.—The union operators of the day force of the Western Union failed to report for duty this morning. The night men struck at 11:30 last night, only five men and two boys remaining at their keys.

Cincinnati, O., Aug. 13.—The operators employed by the Postal Telegraph Company struck at 10 o'clock this morning. Practically the entire force, with the exception of wire chiefs, are out.

Peoria, Ill, Aug. 13.—All Western Union and Postal operators in Peoria and Bloomington left their keys at 12 o'clock. Thirty-five are involved.

Springfield, Ill., Aug. 13.—Western Union and Postal operators have gone out here.

Scranton, Pa., Aug. 13.—Postal operators in main and branch offices walked out at noon today.

Louisville, Ky., Aug. 13.—The telegraphers of Louisville joined the strikers today, both the Postal and Western Union being affected. About 100 men are out. The officers are supplying limited service.

Wilkesbarre, Pa., Aug. 13.—The operators of both offices in this city went on strike at 12:10 p. m.

Fighting in Korea.

Seoul, Korea, Aug. 13.—Desperate fighting is in progress in the interior between bands of Korean troops and detachments of Japanese soldiers sent to disarm them.

While the fights are individually small, the loss of life has been heavy in the aggregate. The Japanese admit they have small hope of peace until Koreans exhaust their ammunition.

The Japanese captured Kang Wha Island, at the mouth of the Han river, yesterday, after two days' battle with a strong force of Korean troops and a mob of civilians. The island is the site of several famous old forts which, though in ruins, furnished partial cover for the defenders. The latter held the town until the attacking party brought machine guns to bear. It is reported that forty Koreans were killed and several hundred wounded. The Japanese lost a dozen killed and thirty or forty wounded.

Situation in Belfast.

Belfast, Ireland, Aug. 13.—A repetition of last night's fighting between soldiers and the populace, when six volleys were fired by the troops, is expected tonight. Minor rioting has continued all day, and it is believed that with the coming of night another attack will be made on the police and military.

Fifteen persons were killed outright, a score injured so seriously that they will probably die and over a hundred slightly hurt in last night's affray, according to today's report.

More Fighting in Morocco.

Tangier, Aug. 13.—News is just received here of a terrific battle between the Moors and French at Casablanca in which 5,000 Moors, after a bold charge, were repulsed with heavy loss of life.

The attack was carefully planned, but was made possible only through the fearless character of the soldiers. The charge was first made by the Moors in regularly drawn fighting lines, but the French, holding the position of vantage, drove them back.

The Moors quickly re-formed their lines and charged back over the dead bodies of their comrades.

A French battleship began to cooperate with the French troops, sending a terribly effective rain of shells into the Moorish forces.

The attacking forces were cut down by the guns of the French soldiers and blown to pieces by the shells of the ship.

Still, the leadears urged the charge and with dogged indifference to death the men continued until they were simply driven back by the very force of the firing.

Even after being decimated by the withering fire of the French the Moors reorganized their straggled lines and with a persistence that seemed bordering upon insanity tried again to make the charge.

Again the steady rifle fire of the soldiers and the death-dealing shells from the cruiser drove them back. The last charge was over the same ground as the previous ones and the Moors seemed willing to follow their leaders into the very mouths of the guns.

Repulsed again they retreated, having sustained a loss that is estimated at being extremely heavy though no actual figures could be obtained.

The French losses were small.

General Drude, the French Commander, today asked for 13,000 reinforcements as he desires to begin offensive operations and drive the Moors back into the country.

Tangier, Aug. 13.—Mazagan is being attacked today by Moors, according to advices just received here. A demand was made on the authorities on Sunday for money under threat that the town be razed. This demand was refused and the attack today is regarded as the Moors' answer to the refusal.

It is feared the scene enacted at Casablanca during the looting of the city will be repeated. The outlook at Mazagan is even darker, however, because there are no soldiers there to defend the town. Warships and transports carrying troops are being hurried there.

The situation at Casablanca today is also more threatening. The constant attacks of the Moors on outposts are gradually wearing out the French and Spanish soldiers. Moors surround the town in such overwhelming number that fresh men are available for each new charge.

Effect of the Slump on Newport.

Newport, Aug. 13.—Newport feels poor today. The stock slump has hit hundreds of families hard. The big financiers will be able to recoup their losses, but many of the comparatively unfortunates are heavily hit. Leaders in big business enterprises are generally cancelling their social engagements to hasten to New York. Many left last night and a still larger contingent took this morning's trains to be near the Stock Exchange while the present market flurry lasts. The calls on society men and women for margins poured in in an avalanche. Society will feel the effect of the slump heavily and the latter part of the season promises to be a melancholy affair.

Cabinet Meeting.

Oyster Bay, N. Y., Aug. 13.—President Roosevelt is holding a cabinet meeting at Sagamore Hill today. Secretary Taft, Postmaster General Meyer and Mr. Root are in attendance.

Both Taft and Meyer said they had called to discuss department affairs with the President, but none is in shape for publication.

Secretary Taft has just finished his summer vacation and on August 18 will leave Washington for the Philippines to be gone until December. He said that on his way west he expects to make a number of speeches explaining his position on pending questions.

Town Threatened with Destruction.

Princess Anne, Md., Aug. 13.—A fire, which for a time threatened the town of Princess Anne, broke out this morning at 3:30 o'clock on the second floor of A. J. Huffington's grocery store, which with the grocery of O. F. Jones; drug store of T. J. Smith and millinery store of J. S. Leary, was destroyed. The Peoples' Bank was badly damaged. The fire was checked at W. O. Lankford's general merchandise store. The fire is believed to have been of incendiary origin and to have resulted from race troubles. No estimate of the damage has yet been made.

Fire in a Tenement.

New York, Aug. 13.—Two families were driven from their homes in a panic early today by a fire in a tenement in East Forty-fourth street. Only a few of the apartments in the building where the fire broke out were occupied and these tenants had narrow escapes. The smoke spread into neighboring buildings.

"Lord Barrington".

St. Louis, Mo., Aug. 13.—Governor Folk at Jefferson City, today, commuted the sentence of "Lord" Barrington to life imprisonment. Barrington was under death sentence for the murder of J. J. McCann several years ago.

Mrs. Harold Fowler McCormack defends her father, John D. Rockefeller, from accusations made by Rockefeller's brother, Frank Rockefeller, as due to jealousy.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

The Market.

Georgetown, Aug. 13.—Wheat 73a78.

WARNING BY WATTERSON

Lexington, Ky., Aug. 12—Thousands came here today from all parts of the State for the Bluegrass Fair. The leading feature was an address by Henry Watterson. He said, in part:

"I protest against that religion which sands the sugar and waters the milk before it goes to its prayers. I protest against that morality which poses as a saint in public to do as it pleases in private. As the old woman said of the old man's swearing 'If there's anything I do hybominate, it is hypocrisy.' In my opinion that which threatens Kentucky are not the gentlemanly vices of the race course and the sideboard, but perfidy and phariseeism in public and in private life. "The men who made the Bluegrass famous, who put the brand of glory upon its women, its horses, and vintage, were not ashamed to take a drink nor to lay a wager, though they paid their losses and understood where to draw the line. They marked the distinction between moderation and intemperance. They did not need to be told what honor is. They believed, as I believe, that there is such a thing as pretending to more virtue than honest mortals hope to attain.

"I warn our people against the intrusion of certain 'isms' which describe themselves as 'Progress,' and muster under the standards of what they call 'God and Morality,' but which fifty years ago went by a very different name; 'isms' which take their spirit from Cotton Mather, not from Jesus Christ; 'isms' which, where they cannot rule, would burn at stake; 'isms' which embrace the sum of all fanaticism and intolerance, proposing that, instead of the rich, red blood of Virginia, ice water shall flow through the veins of the people; 'isms' which, in one word, would blot Kentucky out of the galaxy of stars and recreate her in the dread image of Maine and Kansas.

"I refuse to yield to these. Holding the ministry in reverence as spiritual advisiors, rejecting them as emissaries of temporal power, I do not intend, if I can help it, to be compelled to accept a rule of modern clericalism, which, if it could have its bent and sway, would revive for us the priest-ridden systems of the Middle Ages. I do not care to live in a world that is too good to be genial; too ascetic to be honest, too proscriptive to be happy. I do not believe that men can be legislated into angels—even red-nosed angels. The 'blue laws' of New England—dead letters for the most part—did more harm to the people, while they lasted, than all other agencies united. I would leave them in the cold storage to which the execration of some and the neglect of all consigned them long ago, not embalm them and import them to Kentucky to poison the meat and drink and character of the people.

"I shall leave my home life, my professional career and my familiar associates to say whether I do not place, and have not always placed, the integrity of man, the purity of woman and the sanctity of religion above all earthly things; but I hope never to grow too old to make merry with my friends and forget for a little that I am no longer one and twenty! When the time arrives for me to go to my account, I mean to go shouting; to go with my flag flying and, as I never have lied to the people of Kentucky, please God I never shall.

"I have told them a great many unpalatable things. I have met their disapproval full in the face. I have lived to see most of my admonitions against this, that and the other vain hope vindicated by events. I want to live yet a little longer still to tell the truth and shame the devil; but if obscurity and adversity and neglect shall overtake me it will be a comfort even in the valley of the shadow of death that from first to last I fought, not for the speckled gospels of the short-haired women and the long-haired men of Babylon, but for the simple manhood and lovely womanhood of old Kentucky—never New Kentucky, but always and forever, Old Kentucky—your birth right and mine."

Railroad Rates.

Raleigh, N. C, Aug 13.—The State Corporation Commission today began in earnest its investigation of charges of alleged discriminations by railroads against North Carolina points. It is charged Norfolk, Richmond, Lynchburg, Roanoke, Danville and other Virginia cities have been favored against Durham, Winston, Raleigh, Greensboro and other towns in this State.

Complaints against the Norfolk and Western Railroad were first taken up. It is claimed that one-third more is charged on certain classes of freight to the North Carolina points than to Virginia, although the haul is from 100 to 300 miles longer to Virginia.

Complaints against the Southern, Atlantic Coast Line, Seaboard Air Line and even the smaller systems will follow the investigation of the Norfolk and Western. The hearings will probably occupy over a week.

Hartje Seeks Order Giving Him Children.

Pittsburg, Aug. 13.—Augustus Hartje, the millionaire paper manufacturer and libellant in the famous Hartje divorce case, yesterday applied to Common Pleas Court, through his senior counsel, J. Scott Ferguson, to have the order changed giving Mrs. Hartje possession of their two children, Mary Louise and Scotty, and asked that he be named as custodian. Application was made in Judge Chambers's court, and it is said that alleged new testimony was given the court. Mrs. Hartje rushed back to Pittsburg from Ligonier, Pa., add will fight the application bitterly. Since the mysterious disappearance of Tom Madine, the co-respondent coachman, Hartje has repeatedly announced publically that he had secured new evidence from the coachman before his departure, and that he was confident he would secure a divorce even if he had to bring another suit.

WAR ON DOGS.

The item in this column yesterday describing the coup de grace given a number of worthless dogs in the city jail yard yesterday morning seems to have disturbed the tender sensibilities of some persons. They read the item and were loud in their expressions of horror at the thought of a baseball bat being used in giving the curs their quietus. Some suggested that chloroform, illuminating gas or the fumes of charcoal should have been used to hie the brutes on to the happy hunting grounds. Much ado, it is thought, by many is being made out of nothing. Men who are placed in official positions have much with which to contend. For several years past the Mayor of this city had been urged to take some drastic measures looking to the removal from Alexandria of an increasing nuisance and a danger caused by the roaming at large of hundreds of ownerless worthless dogs which are a menace by day and a terror at night; but as soon as the executive proceeds to use the means at his command for the relief of the community, a hue and cry is heard from many seemingly possessed of more sentimental notions than practical ideas. The sensibilities of such are not disturbed when they feast upon veal knowing at the time that the bleating calve has been taken from its dame and unceremoniously decapitated. The bullock which has been stunned with a sledge hammer and its throat afterwards cut never appeals to them when a savory dish of roast beef is placed before them; but when it becomes necessary to dispatch worthless members of the canine race their veins of commiseration swell to the point of bursting. It is hoped the Mayor will proceed in his good work.

FUNERALS.

The funeral of the late Franklin H. Grillbortzer, who died on Sunday last, took place this afternoon from the residence of his father, Mr. Jacob H. Grillbortzer, 719 south Patrick street. Rev. Edgar Carpenter, of Grace Church, conducted the service, and the interment was in Bethel Cemetery. The pallbearers were Messrs. Noel Garner, Malcolm Brenner, George Swift, George Bender and Julius Wolf, representatives of the Maccabees and Modern Woodmen.

The funeral of the late John Coleman, who was drowned at the Dyke last Sunday, took place this afternoon from the residence of his father, Mr. John H. Coleman, 1116 King street. Rev. Chas. D. Bulla, of the Methodist Episcopal Church South, conducted the services, and the interment was in Bethel Cemetery. The pallbearers were Ashby Reardon, Luther Nelson, Foster Kidwell, Edward Atkinson, Harold Davis and Harry Mankin.

The remains of William Gasaway, former lieutenant of watch in the Interior Department in Washington, were removed from the vault at Glenwood Cemetery, Washington, today, and interred in Methodist Protestant Cemetery in this city.

SHOOTING STARS.

The earth in its course around the sun has now reached what is called the ærolite zone, and shooting stars are occasionally seen on clear nights. About twenty meteors shot athwart the sky in the space of half an hour last night. Some were very brilliant and numbers of people watched them with interest. Many years have elapsed since a meteoric shower has been witnessed in this city. But few persons are now living who remember the renowned display in the early thirties of the last century. On that occassion the heavens were filled with ærolites, and as many who were moving about on that memorable November morning knew but little about astronomy, they supposed that the end of mundane things had come at last, and there was literally in some cases "weeping and wailing" if not "gnashing of teeth." It is said that some in this city last night watched the display with more anxiety than interest.

NOCTURNAL DISORDERS.

People living in the extreme northwestern section of the city have for some time complained of the disorderly conduct of many negroes, male and female, who frequent north Henry and Fayette streets and thoroughfares running east and west north of King street. These nocturnal proceedings generally begin after ten o'clock and are often carried on until the wee sma' hours, rendering sleep at times almost impossible. There are certain rallying points in that section of the city, and men and women indulging in hilarious laughter or angry disputes annoy quiet people who desire to sit in front of their homes or indulge in sleep. It is suggested that the darkeys who cause such annoyance should be made to deport themselves in an orderly manner, especially at late hours of the night, or keep off the streets.

STARTED A FIRE.

What might have proved a damaging fire was started this morning on the south side of King street, near Fairfax, by three little boys who had gathered a quantity of paper and leaves and started a blaze under the bay window of a building "just to see the fire." Several gentlemen who were in a barber's shop opposite saw the blaze and running across the street put out the fire, which had already scorched the paint and was burning the woodwork about the window.

The alarm of fire between 11 and 12 o'clock this morning was caused by the explosion of a gasoline stove in the residence of Mr. Frank Walker, on south Lee street, between Franklin and Jefferson streets. The damage was slight and the department did not go into service.

BAPTIST ASSOCIATION.

The Potomac Baptist Association of Northern Virginia, comprising the counties of Alexandria, Fairfax, Prince William, Stafford, Fauquier and Loudoun, will hold its annual session tomorrow at Marshall, Fauquier county. The association has a membership of 6,000, embraces 55 churches, and 23 pastors. Its officers are Judge C. E. Nicol, of Manassas, moderator; J. A. Otley, of Philomont, clerk, and John Kincheloe, of Rectortown, treasurer.

PERSONAL.

Mrs. E L. Walter, of Denver, Col., is visiting her father, Mr. W. W. Sherwood.

Mr. Carroll Pierce and family are spending the summer at Purcellville, Loudoun county.

Miss Fannie Smith is a guest of Miss Hallie E. Chichester in Stafford.

Miss Jessie Armstrong, of this city, is to take part in the theatrical entertainment to be given soon by the guests at Capon Springs.

When Miss Virginia Lee, whose engagement is just announced, becomes the bride of Lieutenant John Carter Montgomery, U. S. A., she will be the third daughter of the late Gen. Fitzhugh Lee to marry into the Seventh Cavalry. She is the youngest daughter of the famous general who was distinguished for his services in both the Confederate and United States armies. Miss Lee's engagement is announced from Richmond, but no date has been set for the wedding. Lieutenant Montgomery is stationed in Kansas at Fort Riley, where Miss Lee's Sister, Mrs. Lewis Brown, wife of Lieutenant Lewis Brown, and her brother, Lieutenant George Mason Lee, also live.

Mr. W. A. Smoot, who has been quite indisposed for the past week or two, is improving.

Among the thirty-six young ladies admitted to the novitiate of the School of the Sisters of Notre Dame in Baltimore yesterday was Miss Anna Hellmuth, of this city, whose religious name hereafter will be Sister Mary Charles Borromeo.

Miss Lucy Hoyt, of Columbia, S. C., is visiting Mrs. Edgar Warfield on Fairfax street.

TO BE REAPPOINTED.

The many friends of Mr. Frank A. Byerly, well-known to many hundreds of Alexandrians who attended St. John's Academy, will be glad to hear that he has been reappointed to the position of principal of the Shepherdstown High School, West Virginia, a position which he has held for a number of years, with great satisfaction to its citizens. After graduating at St. John's in 1873, at the head of his class, he was given a school in Alexandria county where he taught for some years, but he became in 1880 first assistant at that well-known institution, a place which he held for three years, when he resigned on account of the sickness of one of his parents. After acting for some time as a colporteur, distributing Bibles and other religious books in the mountains, he opened a school at his native place, under the patronage of a number of gentlemen in that vicinity and became sole proprietor; but his house having been burned he went at last to his present place, where having acquired property he will probably remain for the rest of his life.

DISORDERLY NEGROES.

Between twelve and 1 o'clock last night a fight occurred at Princess and Fairfax streets between George and Ellen Washington, both colored, which caused some excitement. Officers Lyles and Young soon appeared upon the scene and took the belligerents in custody. They were brought before Justice Caton in the Police Court this morning and fined $5 each.

TUESDAY EVENING, AUG. 13, 1907.

RIOT AT REVIVAL.

One of the biggest revival meetings ever held in a negro church in Buckingham county, Va., broke up in a riot Friday evening. Several men were cut, stabbed and beaten into insensibility just as the doxology was being sung in Petersville Baptist church.

Notwithstanding the fact that no liquor is allowed to be sold in the county, witnesses of the riot Friday say that whisky was the cause of the trouble and many of the principals in the affair were more or less drunk. Trouble started just as the large number of converts were being lined up in front of the pulpit for the parting admonitions of the pastor. Suddenly some one yelled "fight" and then there was a scamper for the doors.

When the congregation poured out of the church a bloody sight met their eyes. Men were lying on the ground with blood flowing from long gaping wounds made by razor and knife cuts and stabs. Others were lying unconscious from blows dealt by clubs and they too were bleeding profusely.

Friday evening Constable Childress arrested several of the rioters and took them before Justice Shaw, at Arvonia, where he held the two alleged principals for the grand jury and refused bail.

AN EMERGENCY CALL.

A lady traveling from Philadelphia to Norfolk, while taking a stroll, between trains, near the Chespeake and Ohio station in Maine street Richmond, shortly after seven o'clock yesterday morning, was taken suddenly ill, and darted into the first open door for assistance. The house entered happened to be a saloon, near Seventeenth and Main streets. She was treated kindly by the proprietor and the ambulance was at once called. Before Dr. Hinchman could arrieve she had given birth to a healthy boy child. She was taken at once to the city home and an hour afterward her condition was said to be encourging. The lady arrived in Richmond early yesterday morning from the northern city, and was whiling away the time before the leaving of the Norfolk train when she was overcome. Her husband, in Phildelphia, has been notified of the arrival of his heir.

Rising from the Gr ve.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopthe liver and bladder complications which have troubled me for years." Guaranteed at E. S. Prince Yi to Return to Korea.

New York, Aug. 12.—Notified through a cable message from the Orient that he has actually been sentenced to be hanged as soon as he returns to Korea Prince Yi of the Hermit Kingdom isn't so sure as he was that he will return soon to his native country to accept what fate has in store for him. The Prince announced on his arrival here from Europe that he had positive information of Japan's determination to stop at nothing to punish him for visiting The Hague to appeal to the powers for aid in saving his country from Japanese oppression. He expressed the opinion that he would be assassinated in New York, and declared there was no doubt, even if he escaped here, that death awaited him in Korea. Nevertheless he announced he intended to go home as soon as he had completed his work in the United States and paid a short visit to Russia, provided, of course, he survived so long. Last night came the news that the new Korean emperor has sentenced the Prince to the gibbet. The reason given was the Prince's action in falsely representing that he went to The Hague as the deposed ruler's official representative.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.
